This map illustrates the geographical and administrative landscape around Pilgrimstad, Sweden. The central focus is Pilgrimstad, which is divided into several numbered and color-coded zones: 32 (red cross-hatched), 33 (green diagonal lines), 34 (yellow cross-hatched), 36 (yellow cross-hatched), and 39 (red diagonal lines). Surrounding areas include Brännängesberget to the north, Tunsvedberget to the east, and Hållborgen to the west. Water bodies such as Revsundssjön, Anviksjön, and Åsviken are prominent. The map also shows various natural reserves like Tunsveds naturreservat and Tjörnloken. Infrastructure elements like roads, railways, and a train station are clearly marked. A legend on the left provides a detailed key for the symbols and colors used, covering categories like land use, nature, water, and infrastructure. A scale bar at the bottom indicates distances up to 1000 meters.
